

Columbus FAASTeam presents:

Topic of the Month - Compliance Philosophy

Background:

FAAs Compliance Philosophy and its relationship to Remedial Training constitute a major cultural change with respect to how the agency goes about ensuring regulatory compliance. It is essential to educate the public on these programs in order to gain trust, increase voluntary disclosure of noncompliance, and address that noncompliance in the most effective manner.

Teaching Points:

Discuss Compliance Philosophy and Remedial Training. Acquaint pilots and mechanics with the benefits of voluntary disclosure and non-punitive corrective actions. Discuss typical compliance action scenarios. Answer questions with respect to Compliance Philosophy and Remedial Training.

Directions: The Champaign Aviation Museum is next to the Grimes Field Airport FBO. Classroom in rear of building.
